What Did You Think Of Today's Meeting?

I got to know more researchers!

Too few participants

Nice start

Nice kick-off, but format is limited in terms of time to spend on topic, especially with more people

Ok

Good initiative, but has yet to take off properly - work in progress?

Really liked the format and size of group. would have liked to talk to more people

Too short

I enjoyed it!

It was good, I learned something new

Good start

Interesting

Good start

What Would You Like To Hear/Do At One Of The Next Meetings?

Keep the education link.

UT perspective / outlook on resilience research + overview of what others are doing

What others are doing.

Pitches that reflect the full width of the resilience concept

some form of introduction to participants

create an initiative that grows from meeting to meeting

read in advance what will be presented

Cowriting for funding/collaborating on research at it

To find topics for new grant proposals

Professionals who are dealing with resilience issues

Who Do You Suggest To Invite As Speaker/Presenter/Workshop Leader?

Who Is Willing To Form The Organizing Cie For These Meetings: Please Write Your Name :-)

Have at least one professor on resilience in the lead

Norman
