

# Bachelor International Land and Water Management

## Course: WRM-21312 Year 2: period 5 & 6

### Design in Land and Water Management 2

Block 1: 7 weeks		Block 2: 5 weeks	
E-module 1	E-module 2	Exam	Design assignment (6 students per group) (10 – 12 groups)
	E-module 3		
	E-module 4		
	E-module 5		
		Presentation & Report	

#### Challenges:

- 1) Timely, tailor-made guidance and feed-back.
- 2) Enhancing group work for increasing students numbers

#### Solutions:

- 1) Suiting course materials to individual knowledge levels;
- 2) Better structuring of lectures by 'flipping the classroom';
- 3) Tailor-made feedback suited to individual demands and enhancing the group process.
